ORDER:

In the letter read above, the Chief Engineer (R&B) CRN & MD, APRDC, Hyd., has stated that Rayapatnam–Kodad road is an important State Highway-8 in Warangal district connecting major National Highway No:162, Hyderabad–Bhoopalapatnam at Km 132/650. Hannamkonda– Narsampet–Mahabubabad road is an important MDR which leads to Bhadrachalam via Narsampet, Mahabubabad and Yellandu. The traffic on Rayapatnam – Kodad road from Km 136/8 to 140/0 is very high as this stretch is within Warangal town limits and heavy truck traffic carrying agricultural products to market yard at Enumamula passes through this reach. Besides , there is an M.G.M. hospital on this reach which is a major hospital in Telangana region. The Railway station and Bus stand is located very near to this road. The reach from Km 136/8 to 137/5 and 137/8 to 140/0 is four lane road with 7.0 m wide BT carriageway on either side of divider and from Km 137/5 to 137/8 is a 11.0 m wide road without divider. Due to heavy traffic movement on the above road frequent traffic congestions are taking place due to insufficient carriageway width and accidents are occurring. Hence it is essential to upgrade the existing road in the stretch from Km 136/8 to 140/0 to four lane width with 1.50 m wide paved shoulder on either side and a central median of 1.5 m width.

2. He has further stated that the traffic intensity on this road is 5890 CVPD and 29245 PCUs per day and last BT renewal on this road was taken up in the year 2005-06.
